

Greater Pasco Area Economic Strategic Vision

For Immediate Release:

The Somos Pasco Summary Report is available for review and comment at www.somospasco.org until November 25.

Somos Pasco is a community wide effort to identify what's next for Pasco's economy. The effort is a collaboration of the Port of Pasco, City of Pasco, Franklin County, Hispanic Chamber and Pasco Chamber along with Pasco School District, Columbia Basin College and other Tri-Cities community organizations and businesses.

Together, these partners are seeking a shared vision for Pasco's future.

Somos Pasco creates a community-driven, long-range vision and action plan for Pasco and its economy, in alignment with the most promising economic opportunities and community-wide priorities. Strategies focus on key areas:

- The K-Career Pipeline (Education)
- Building On Our Base
- Looking Ahead to What's Next
- Embracing Our Culture
- Investing in Community Infrastructure
- Continuing the Conversation

A Great Beginning: Somos Pasco is a start, not an end. Our goal is to work on some great things that move the community towards the vision, then regroup and go do more great things.

For more information, contact Gary Ballew, Port of Pasco at gballew@portofpasco.org or 509-547-3378.
